## Explanatory Notes

The following disclosure is made according to the template prescribed in MAS Notice 637 Annex 11E. The column "Amount" shows the amounts used in the computation of the capital adequacy ratios. The column "Amount subject to Pre-Basel III Treatment" shows the amount of each regulatory adjustment that is subject to the treatment specified in the previous capital rules (i.e., according to the cancelled MAS Notice 637 dated 14 December 2007) for the duration of the Basel III transition period up to end-2017. Each of these amounts is taken into the computation of the capital adequacy ratios during the transition period up to end-2017 under rows 41C and 56C, as the case may be. For example, during the year 2013, the regulatory adjustment (i.e., capital deduction) for goodwill continues to be taken against Additional Tier 1 in the first instance (c.f., row 41C), whereas from 1 January 2018, this regulatory adjustment is to be taken against Common Equity Tier 1 in the first instance (c.f. row 8).

The alphabetic cross-references in the column "Cross Reference to Section 1" relate to those in reconciliation of the balance sheet on pages 2 to 3.

MAS Notice 637 specifies which tier of capital against which each regulatory adjustment is to be taken. When regulatory adjustments are required against Additional Tier 1 or Tier 2 capital, there are circumstances when the amount of eligible Additional Tier 1 or Tier 2 capital respectively falls short of the amount of the regulatory adjustment (e.g., when the amount in row 36 falls short of the amount in row 43). Under such circumstances, the shortfall is taken against the preceding tier of capital (i.e., rows 27 and 42).

MAS Notice 637 specifies the computation of the amount of provisions that may be recognised in Tier 2 capital. General allowances in respect of assets under the standardised approach for credit risk are eligible (row 76), subject to a cap of 1.25% of risk-weighted assets under the standardised approach for credit risk (row 77). General and specific allowances in respect of assets under the internal ratings-based approach exceeding expected loss of these assets are eligible (row 78), subject to a cap of 0.6% of risk-weighted assets under the internal ratings-based approach for credit risk (row 79).

<sup>^</sup> For regulatory adjustments, deductions from capital are reported as positive numbers and additions to capital are reported as negative numbers.

Items marked with a hash [#] are elements where a more conservative definition has been applied to MAS Notice 637 relative to those set out under the Basel III capital standards.

Deferred tax assets relating to temporary differences in excess of specified thresholds c.f. row 21 and 25 are to be deducted under Basel III capital standards (paragraph 69). Under MAS Notice 637, they are deducted in total. If Basel III capital standards were to be applied, eligible capital would have been \$0.2 billion higher and risk-weighted assets \$0.5 billion higher.

15	Optional call date, contingent call dates and redemption amount	The Issuer may redeem the SPV Preference Shares on any Dividend Date on or after the Step-Up Date (15 June 2018), in whole but not in part, for cash at the Redemption Price.  DBS Bank may also direct the Issuer to redeem the SPV Preference Shares, in whole but not in part, on (i) any day while a Tax Event continues and (ii) any day while a Change of Qualification Event continues, for cash at the Redemption Price. On any day while a Tax Event or Change of Qualification Event continues following the occurrence of a Substitution Event, the SPV Preference Shares are also subject to substitution by way of redemption for Substitute Preference Shares (which shall be deemed to be immediately issued and credited as fully-paid, on the basis of one Substitute Preference Share for one SPV Preference Share redeemed).

**Redemption Price** means, with respect to any SPV Preference Share, an amount equal to:

- the Liquidation Preference of that SPV Preference Share; plus
- subject to the limitations and qualifications described in the Issuer Articles and unless a Dividend Limitation Notice is in effect, an amount equal to any accrued but unpaid Dividends (whether or not declared) in respect of that SPV Preference Share for the period commencing from (and including) the first day of the Dividend Period in which the relevant redemption falls and ending on (but excluding) the relevant redemption date.

**Liquidation Preference** means S\$250,000 for each SPV Preference Share.

**Change of Qualification Event** means as a result of:

- any change or proposed change to the relevant requirements issued by the MAS in relation to the qualification of the SPV Preference Shares as Tier 1 capital securities of DBS Bank or to the recognition of the Preference Shares as capital for calculating the Tier 1 and total capital adequacy ratios of DBS Bank, in each case on a consolidated or unconsolidated basis;
- any change in the application of official or generally published interpretation of such relevant requirements issued by the MAS or any relevant authority (including a ruling or notice issued by the MAS or any relevant authority); or
- any interpretation or pronouncement by the MAS or any relevant authority that provides for a position with respect to such relevant requirements issued by the MAS that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written statements made by any authority regarding the qualification of the SPV Preference Shares as Tier I capital securities of DBS Bank or to the recognition of the SPV Preference Shares as capital for calculating the Tier I and total capital adequacy ratios of DBS Bank, in each case on a consolidated or unconsolidated basis,

which change or amendment,

- (1) (subject to (2) below) becomes, or would become, effective on or after the Issue Date; or
- (2) in the case of a change or proposed change to the relevant requirements issued by the MAS, if such change is issued or is expected to be issued by the MAS, on or after the Issue Date,

the SPV Preference Shares would not qualify as Tier I capital securities of DBS Bank.

**Tax Event** means that:

- as a result of (1) any change in, or amendment to, any law or regulation in Singapore or the Cayman Islands or any
-

---

political subdivision or any authority thereof or therein having power to tax or (2) any change in the general application or official interpretation of any law or regulation by any relevant body in Singapore or the Cayman Islands:

- the Issuer would be subject to more than a *de minimis* amount of tax in Singapore or the Cayman Islands;
- payments to Holders with respect to the SPV Preference Shares would be subject to deduction or withholding for or on account of tax or would give rise to any obligation of DBS Bank or the Issuer to account for any tax in Singapore or the Cayman Islands; or
- payments by DBS Bank in respect of the Subordinated Note would be subject to deduction or withholding for or on account of tax in Singapore or the Cayman Islands,

and in each case such obligation cannot be avoided by DBS Bank or the Issuer, as the case may be, taking reasonable measures available to it; or

- there is more than an insubstantial risk that DBS Bank would no longer obtain relief for the purposes of Singapore corporation tax for any payment of interest in respect of the Subordinated Note.

**Substitution Event** means:

- (1) the consolidated total capital adequacy ratio or Tier 1 capital adequacy ratio of DBS Bank and its subsidiaries or DBS Bank's unconsolidated total capital adequacy ratio or Tier 1 capital adequacy ratio, in each case calculated in accordance with the MAS' published consolidated or unconsolidated capital adequacy requirements from time to time applicable to DBS Bank, falls below the then applicable minimum ratio applicable to DBS Bank and/ or DBS Bank Group;
- (2) the Board of Directors of DBS Bank has notified the MAS and the Issuer that it has determined, in view of DBS Bank's deteriorating financial condition, that any of the events described in (1) above is expected to occur in the near term;
- (3) the MAS has assumed control of or otherwise exercised its powers under Section 49(2)(c) of the Banking Act, Chapter 19 of Singapore (or any successor statute) with respect to DBS Bank;
- (4) the MAS has exercised its powers under Section 49(2) of the Singapore Banking Act to effect an exchange of the SPV Preference Shares for Substitute Preference Shares;
- (5) proceedings have commenced for the winding up of DBS Bank whether in Singapore or elsewhere
- (6) a Cessation of Control Event has occurred; or
- (7) DBS Bank has given notice in accordance with the Issuer Articles following the occurrence of a Tax Event or a Change of Qualification Event that it elects to effect an exchange of the SPV Preference Shares for the Substitute Preference Shares (as the case may be).

**Cessation of Control Event** means the Issuer ceasing to be wholly-owned and managed by, and under the sole control of, DBS Bank. The Issuer will be considered to be wholly-owned and managed by, and under the sole control of, DBS Bank when:

- DBS Bank owns and controls the voting power attached to all the ordinary shares of the Issuer;
- all the executive officers of the Issuer are either employees of DBS Bank or appointees of DBS Bank. Where an appointee is a non-employee, the appointee shall be appointed pursuant to a management contract which requires the appointee to act in accordance with any instruction of DBS Bank;
- the majority of the Board of Directors of the Issuer are employees of DBS Bank or are appointees of DBS Bank. In the case where the appointees are non-employees, these persons are appointed pursuant to a management contract which requires them to act in accordance with any instruction of DBS Bank; and
- no person other than DBS Bank has the capacity to determine the outcome of decisions on the financial and operating policies of the Issuer.
